The contest operators voice

DJØFX: Conditions not too bad, but I had to leave after 22 hrs to go on a business trip. **DJ9MT:** Much advantage for single operators working from huge club stations! **DFØC:** Murphy was here: I had to build antennas during the contest! **DLØCES:** Hope for better conditions on 10 meters and a satisfy working antenna for 80 meters. **DL1GGK:** A lot of QTCs - don't be shy! **DL1RAP:** Give us 100-watters a chance, too! **DK8US/p:** No chance without a big power amplifier. **DL1BKT:** My first try with QTCs - really a success. **DL2ECZ:** Unfortunately 10 meters never opened. **EA2CR:** Happy to be with you every year! **G6QQ:** Good fun but hard work on 100 watts an no beam! **I1Z1:** About 26% of the DX stations gave QTCs to me. **IKØLSV:** QRP because final failed. **LZ2PO:** As usually - a big contest. **OH1AF:** Farewell, sunspots! **PAØMIR:** Better score than last year - despite much worse conditions! **PAØKDM:** Conditions under normal, 10 meters dead here. **S57MM:** Enjoyed short 10 m opening on Sunday. **SP9XCN:** Started operating WAE contests as SP9-4006KA, now as a ham. **SP2DK1:** Very heavy to work without good antennas. **UT4UZ:** Congrats to OE6MBG in advance. **UT5UGR:** Could

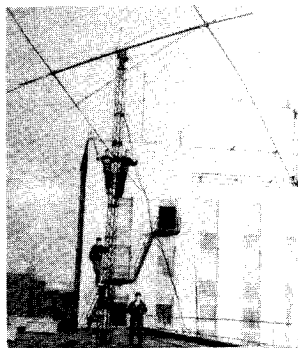

not operate fulltime due to TVI. **YZ1AA:** Rain static S9 over 4 hours on Saturday! **YU1NR:** Very bad weather for 6 night hours on September 11th. **BV2A:** Age 78! **CE5BPE:** Not easy with a simple station. **JK1AJX/1:** Enjoyed the QTC traffic. **JL61PK:** EUs are not willing to exchange QTCs - due to my weak signal? **ØA4ANR:** Conditions were down, but enthusiasm was up! **PY2HF:** Without doubt, WAE is, every time, the most interesting contest of all... **PY2NY:** Thanks to all for their patience with my weak signal! **VK2APK:** The VFO tuning became harder and harder to tune and about 7 hours before the end of the contest it ceased up completely... **AA1AA:** Thanks to DL1SBR for getting me interested. **N4UH:** We were lucky to get a 15 m opening. Next year plan for 20 m in the daytime and put up better antennas for 80/40 m. **W8KKF:** Watched prop. reports - 1st minor storm then major. **WZ8A:** Someone turned the switch off on Sunday! **WA2UDT:** 15 m opened on Saturday only. **N2VPI:** Licensed July 93, this WAEDC was my first ever contest. **N2LQQ:** The lowest score from New York State. **DX1DBT:** We had a terrible evening - bad condx and power failures. **DKØEE:** After explaining a G-station that we are only allowed to work stations outside EU, he said „England IS outside Europe“. **DLØHN:** Still daylight and worked ZS6 on 80 meters! **DKØME:** Everybody of us had a great time. An experience for some newcomers using a „big gun“! **DLØZN:** Often heard: „QTC? Wait, must get organized with our computer...“ Others seem to have problems, too. **OE6MBG:** First time multi single. Lots of fun spotting the multipliers. Fell asleep 2 hours before the end of the contest. **OM3KAG:** Tested new 20-m-yagi during contest. **PI4TUE:** We used a fullsize 40m dipole at 75 meters above ground - GOOD reports! **PAØCKV:** Bad condx, but we did have fun anyway. **UR8J:** We asked so much for QTCs, but received only 1300 - less than in CW part. **P4ØST:** 35C temperature on Aruba - a „hot“ contest. **DEØDEM (DF2FM):** TRX and Quad were defective, so SWL! **IØ-8941PG:** My first WAE! **LYR-1580:** SSB is harder than CW! **OM3-27707:** No condx on 10 m, but on other bands I heard nice multipliers. **ONL 4003:** XYL had to work during the weekend - contesting is not easy with two little kids! **RA1-143-1:** I am 12 years old and this was my first WAE Contest. **CX3NO:** QTC system is really exciting. 7 MHz was the biggest DX band. **JA1-7777:** Good condx between JA and Europe on 40 meters. **UA9-154-2454:** Heard more countries

than in CW part! **ILA568/VE8:** The 5th time in a row in this contest – I had a great location, about 450 miles from the North Pole. **WPE6GFZ/Ø:** Had schoolwork to do, enjoyed the contest! **IDXC INS-99:** Heard many pirates on 80 m instead of DX.
