

2001 IARU HF World Championship Results

Back in 1900, no one (other than possibly an H. G. Wells) could have fathomed how the world would communicate by the end of the century. An average person transported with Wells' time machine would probably not have believed the evolution, perhaps better called revolution, of how we communicate. The tethers we know as the telephone and telegraph were still relatively new in those days. Imagine the way they would marvel at the wireless age — from broadcast forms to two-way personal communication. The tethers of wire have given way to an ever-expanding wireless age.

Even the fathers of one form of wireless communication — known as radio — with their great vision and imagination would stand amazed at the ease of global communications today.

Perhaps the 2001 IARU HF World Championships, held July 14-15, were an adequate celebration of our innovation and spirit of adventure, as 2105 logs were received from today's generation of telecommunications pioneers. These logs represented a total of over 1,150,000 contacts made in the brief 24-hour period, by over 3000 reported participants. This represents the largest participation ever in this event. Logs were received from a total of 51 IARU zones worldwide, as well as from 105 entities from the ARRL DXCC listings. Not bad for a contest held in the middle of summer for most participants.

In many years, the overall world champions seem to come from around the globe, but rarely from the US. In 2001, two of the four overall category champions hail from the US and Zone 8, while the other two hail from Zone 39 (Cyprus and Israel). In all, Top Ten finishes globally were posted from an even dozen IARU zones — including zones 4, 7, 8, 11, 15, 18, 27, 28, 29, 30, 38 and 39. And while no new worldwide scoring records

were set, good contests were seen in each category.

The winner of the worldwide Single Operator CW Only category was Randy, K5ZD. Operating from his shack in western Massachusetts, Randy's score of 2.37M beat out a strong challenge from Laszlo, HG0D, who posted a 2.1M point score. Third place in the category went to Tom, K1KI, who edged out Jaroslav, SU9ZZ, by less than 10k points. Randy's score established a new record for W/VE stations.

Top honors in the Single Operator Mixed Mode category were garnered by Bob, KQ2M, whose score of 2,810,088 was good enough to set a new W/VE category record, though missing out on the worldwide record. Stefan, DL1IAO, finished in second place while John, VE3EJ, and Igor, UA2FZ, filled out the category leaders.

The worldwide Single Operator Phone Only category winner was Serge, 4X1IM, who easily held off the challenge of Jacobo, P40B, who operated as P40B, by just over 800 kilopoints. Saulius, LY4AA, finished in third place in the category while Tine, S50A, came in a close fourth. The top W/VE entrant in the category worldwide was George, K5TR, who finished in tenth place with 1.34M.

The worldwide Multioperator category was won once again by the operators at P3A, operating from Cyprus. Their score of 5,411,304 easily outdistanced a pair of Hungarian stations—HG6N and HG1S. Finishing fourth in 2001 were the operators at LY7Z. The Top W/VE score was posted by KH6ND, who set a W/VE category record while operating from KH7R, with a score of 2,113,350. K2UA, with WRTC 2002 teammate N5RZ, pulled in second from New York.

You always find an extremely strong competition in this contest among the various IARU Headquarters stations. The HQ stations count as a special multiplier

Wojciech, SP9HWN, operating as SP9W, piloted his station to the top Single Operator Mixed Mode from Poland.

and are allowed to operate as true multi-multi stations. This makes for large scores, plenty of operators and exciting finishes across the time zones.

Bragging rights for the year 2001 are held by the Soyuz Radiolyubitelei Rossii [SRR], the Russian Amateur Radio Union. Using the call sign R3HQ, their ops finished with an IARU Society HQ station record score of 20,559,840. Former record holder, the Deutscher Amateur-Radio-Club [DARC], using the call DA0HQ, finished a strong second with a score over 17.1M. A tight race was seen between the third place HQ station finisher, YL4HQ, Latvian Radioamatieru Liga [LRAL], whose score of 14,906,880 edged out the 14,847,741 posted by challengers from SN0HQ—the Polski Związek Krotkofalowcow [PZK], Polish Amateur Radio Union. Congratulations to all of the outstanding competitors in each of the categories.

The 2002 IARU HF World Championship will be held the weekend of July 13-14. Concurrent with the championship will be the World Radiosport Team Championship, which will be held in Finland. Look for more information about this exciting event, which is sponsored by the Suomen Radioamatooriiliitto [SRAL]—Finnish Amateur Radio League and Contest Club Finland. Be sure to visit the www.wrtc2002.org Web site. If you aren't one of the modern radio pioneers participating in the WRTC, you can still be a pioneer on your own, by participating in the 2002 IARU HF World Championships. And you won't need help from H. G. Wells along the way. Good luck!

Scores

Scores are listed by ITU Zone, and then by country, ARRL Section, or Canadian Province with the zone. Line Scores indicate call, final score, QSO total, Multiplier total, and entry class (A = Single Operator Mixed Mode, B = Single Operator Phone Only, C = Single Operator CW Only, D = Multioperator Single Transmitter).

Zone	Country/Region	Call	Final Score	QSO Total	Multiplier Total	Entry Class
