WAE - 69th Session

- DL6MHW CW-logcheck and webcheck-Software
- DL7YS SSB- and RTTY-logcheck and contest manager
- n.n.? **TEAM**

Since DJ4MH, Marco Holleyn, left the WAE-team, DL7YS took over the logcheck for WAE-RTTY 2023

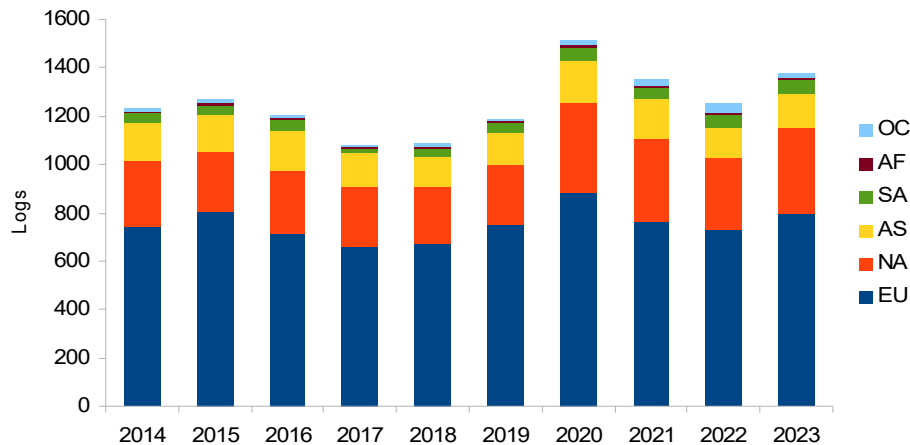

But the good news is, that starting in 2024, with Max, DH7AHK, we have a new member in the WAE-team who will take care for RTTY-logcheck

WAE - 69th Session

**For the WAE-CW session in 2023,
we won CW-OPs to be
sponsor for the WAE-plaques !**

**Wooden plates with colored print
on metal plates for all
winners of 2023 WAE CW**

Thanks to CW-OPs !

WAE - 69th Session

- the new logcheck-software finished (thanks to Michael, DL6MHW !!!)
- ongoing debugging and minor improvements (DL7YS<>DL6MHW)
- DQ - none
- still a few issues with the deadline
- 3% of all entrants are buggy

WAE - 69th Session

Anything new for WAE-session No. 70 in 2024 ?

- Our log-robot will strictly reject buggy logs (QSOs out of date, out of bands, non CBR-conform e.a.)
- From our experience in WAG 2023 with a DQ we will intensively check SDR-recordings (more than one signal on the air)
- With respect that WAEs 2024 are qualification-contests for WRTC 2026, in 2024 we will NOT make major changes in the rules (e.g. new classes like „remote“ or „qrp“)

Late results WAE-SSB

I have to apologize, but DL7YS was hit by corona around christmas 2023 and was down for approx. 6 weeks. Sorry for all participants, waiting so long for their final ranking

giving some hints to avoid
Dupes and/or NILs in WinTest-logs,
which are caused by QTC-traffic**
