EURD

The "Deutscher Amateur Radio Club DARC e.V." issues the "Europaeisches RTTY Diplom, EURD", to promote amateur RTTY activities. The award is available for all radio amateurs and club stations, holding an official RTTY-license. It is based on two-way RTTY contacts with different European countries and their prefixes.

1. The EURD will be issued in 4 classes:

EURD III, EURD II, EURD I, EURD TROPHY

2. EURD III: Written confirmations (QSL) from at least 20 different countries (regardless of the band used) and a minimum of 100 prefix-points are required.

a) The European countries are determined by the "European country list" (WAE-list).

b) Each official European prefix counts for 1 prefix-point per each band.

EURD II = 150 prefix-points in 30 countries,

EURD I = 200 prefix-points in 40 countries,

EURD Trophy = 250 prefix-points in 50 countries.

3. All amateur bands, also VHF, may be used.

4. All QSL's must confirm "RTTY" and in this case, Radioteletype comprises all operating modes like "HELL" and "AMTOR" for example. QSL's shall be dated after or on January 1st, 1965. Any altered or forged confirmation will result in disqualification of the applicant.

5. Contacts during the EUROPEAN DX CONTEST, WAEDC, RTTY-part, can be used for EURD-endorsements, provided the log of the requested station has also been received. Therefore, claims should not be made before the publication of the annual contest results. Requests must be stated within two years after the respectively contest.

6. The fee for each certificate is DM 10,— or 15 IRC's.

7. Send a list which is certified by your Radio Club and the fee to: DARC-RTTY-Manager, Klaus K. Zielski, DF7FB,

P.O.Box 1147, D-6455 Erlensee, West Germany
