The contest

operator's voice

AB5KD: I wish someone would make some software to handle the QTC's... **DF7JC:** SWLing is a new experience, but a nice one. **DL9GGA:** Worked from a cold snack bar on Poel Island... **IV3FSG:** Good to QSO so many old friends again! **JR4GPA:** Big antenna holders were ma-

king a lot of QSO, but I was always listening noise, noise, noise. **KB4GID:** Disappointed not to hear more DX stations on 40, but still enjoyed the contest overall. **OH2LU:** It is a lovely contest for a computer specialist. **RU3A:** Unfortunately file with QTC was lost. Nevertheless we enjoyed the contest. **UA9-154-800:** I have got no filter between RX and PC... **UX2FXX:** we are a club of young technicians and first time in RTTY contest. **VE5SF:** Enjoyed the contest, but need program that can do QTCs. **YU7ØBO:** Was very hungry for this nice sounding signals, because I was first time ever on RTTY! **ZL2AMI:** The EU's were good to copy here on 40 but none could hear me under their local QRM! **ZL2JON:** Great difficulties in passing QTC's, excuses ranged from „No QTCs here“ to QTCs are for EU's only.
