Contest echo...

DL3TD: my first RTTY contest and I had fun...
DK3WW: a bit difficult with 70 watts and vertical...
EA3NY: I spent a great time with you. I don't know how to send more QTCs...
F6ILY: QSO with 10 QTCs with ZL2JON - I can't believe it was possible this weekend...
F5VAU: coax cable broke when rotating the antenna... working 7 MHz only - it's interesting what you can hear...
HA4YF: the dx bands started to close when I got the taste of QTC traffic...
IØHP: QTCs - I hated them, now I like this traffic...
JH8KYU/1: QR'ed on rty after 4 years silence with a new modem...
NN6XX: amp blew on first QSO - first contest with this software - I'll be back...
OH2AG: as always an endurance test... thank you for another edition of the classic WAEDC RTTY **RY9C:** Good propagation on 10 meters but condx on low bands were quite poor...
SN1I: our target was to get 100 000 points. We never thought it was so easy!
SN7N: after 12 hours I lost my A3S in strong wind but delta worked also fine...
SP1MHV: managed to work a few new ones...
W4LC: I lost 90 QTCs when the program locked up...
ZL2JON: apart from a few computer problems and lack of propagation filled in the weekend nicely...
ZW2A: WAEDC RTTY is one of my favourites...
