

## GENERAL RULES

The following awards of the German Amateur Radio Club (DARC) are issued by the **DARC Committee for DX**. They may be applied by all licensed amateurs and SWLs. All contacts must be made **from the same country**. All cards or other written confirmations must be in possession of the applicant. Any submission of forged or altered cards lead to the disqualification from the awards program.

To qualify for the awards applicants must submit a **GCR list**. This is a list of existing QSL cards which were verified by a club official, by two other licensed ham radio operators or an official awards manager.

QSL card checkers have to compare all relevant data of the application like mode, band or date with the presented cards. The checkers verify and confirm with signature and call sign that the information on the GCR list has been proved with QSL cards.

If the application is done by using the DCL (DARC Community Logbook) DCL-confirmed contacts and confirmed contacts imported from LoTW, eQSL an Clublog are accepted too. For these contacts a QSL must not be submitted.

Mixed applications of DCL-confirmed contacts completed with GCR confirmed QSL cards may be submitted as well. The awards manager may request the submission for these QSL cards (T-QSL) for verification in principle.

If the applicant does not use a GCR list for submission, all QSL cards have to be enclosed with the application for verification by the awards manager himself. Sufficient return postage for the cards has to be enclosed with the application. If you are in doubt about the postage rates please ask in advance. **All applications should be sent directly to the particular award manager.**

## EUROPE DX AWARD (EU-DX-D)

The basic idea of this award is a proportional combination of European and DX contacts in one calendar year. It is issued for the following classes:

2x CW, 2x SSB and Mixed modes.

A minimum of 50 country points is required for the EUROPE DX Award within one calendar year. 20 points must be obtained by contacts with European countries and 30 points by contacts with countries outside Europe.

Each country counts one point, on 80m and 160m two points. All amateur radio bands may be used. European countries are defined in the WAE country list, non-European countries in the DXCC entity list.

Bonus points can be obtained for any additional block of four European and six non-European countries within the same calendar year. Repeated applications in following years, where you obtained 50 or more points under the same rules, increase your total count of country points.

Stickers will be awarded for any block of 50 points regardless of the annual scores. For a total of 500 points you will be honoured with the EU-DX-D 500 badge.

Example:

20 EU points 2001 + 30 DX points 2001 = 50 points for 2001  
28 EU points 2000 + 42 DX points 2000 = 70 points for 2000  
32 EU points 1999 + 48 DX points 1999 = 80 points for 1999  
makes a total of 200 points and four stickers will be awarded.

## EU-DX-D 1000 TROPHY (Plaque)

The trophy is awarded for a total of 1000 points, regardless of how many years are needed.

EU-DX-D Manager: Dietmar Kasper, DL3DXX, Birkenweg 3, 01796 Pirna-Jessen, Germany

## EUROPE AWARD

This certificate is awarded for working or hearing radio amateurs in European countries. The applicant must submit proof for a total score of at least 100 points earned by the radio contacts. The idea of this award is to work or hear as many European countries on different bands in different calendar years. There are no restrictions concerning bands or modes.

Scoring: Every confirmed contact with a country of the WAE country list counts one point per year on each amateur radio band. All contacts must have been made in the current or the five previous years. Contacts older than five years are not countable anymore.

Total score: The sum of all confirmed countries on the different bands within the last five years.

## EUROPE AWARD HONOR ROLL

Each certificate holder with an actual score of at least 300 points becomes eligible for the Europe Award Honor Roll, which is published yearly in the "CQ DL" and on the homepage of the DARC Committee for DX and HF-Contesting. To increase your total score proof of contacts may be submitted each year before December 1, to be considered for listing in the Europe Award Honor Roll.

## EUROPE 300 TROPHY (plaque)

Holders of the Europe Award may obtain the Europe Award 300 Trophy under the same conditions when submitting proof of 300 country points. Contrary to the Europe Award each country on each band counts only once in all the years.

Examples:

50 countries on 6 bands = 300 points or  
10 countries on 9 bands +  
20 countries on 6 bands +  
15 countries on 5 bands +  
5 countries on 3 bands = 300 points

Europe Award Manager: Georg Tretow, DL4SVA, P.O.Box 1114, 23931 Grevesmühlen. Germany
